Travel authorization for: Ilina Bokareva
Humber ID: N01349553

To whom it may concern:

Please accept this letter in support of Ilina Bokareva's travel to Canada to pursue studies at Humber College. On Tuesday November 3rd, the approval of Humber's COVID-19 Readiness Plan was formally announced by IRCC and the Public Health Agency of Canada. This was in recognition of the provincial government's approval of Humber's plan, in accordance with the health and safety of our students and our local communities. Humber appears on the official list of [DLIs with approved COVID-19 Readiness Plans](#).

This letter confirms that Ilina is a student at Humber, in the Game Programming program and has a valid study permit or letter of introduction sufficient to be admitted to Canada.

By meeting these two conditions, we confirm that Ilina's travel to Canada is non-discretionary and allowed based on the current IRCC policy.

Humber has prepared all international students, including Ilina, to ensure they will comply with all rules and regulations regarding quarantine upon arrival. This letter confirms that Ilina has, in a separate document, provided Humber with proof of the quarantine plan once in Canada.

We greatly appreciate your support of international students and of Ilina in particular. Should you require any additional information about the information contained in this letter, please contact me via email at andrew.ness@humber.ca.

Sincerely,

A handwritten signature in black ink, appearing to read 'Andrew Ness'.

Andrew Ness
Dean, Humber International
